

Round “Donut” Piece:

We have found a large variation from Launch to Launch where the dinette table mount is located. To compensate for this, we’ve included a “donut-shaped” filler piece that can be installed underneath the dinette mat and over the table mount. The piece is secured only using the table leg itself. Using a pair of scissors, trim the donut to fit up against the wall after you have it in place. If you need further assistance, please give us a call or email us and we’ll be happy to help. 503-329-2141

You'll need to trim the area with the yellow arrow to fit.
